CHAPTER 3 - MARKING AND LIGHTING OF STRUCTURES

001.01 The following structures, including appurtenances, must be marked and lighted:

001.01A structures outside the corporate limits of cities and villages and more than 200 feet above ground level, and

001.01B structures within the corporate limits of cities and villages and more than 500 feet above ground level.

001.02 Marking and lighting must be in the manner prescribed in the Federal Aviation Administration Advisory Circular 70/7460-1K "Obstruction Marking and Lighting" dated April 15, 2000, including Change 1, incorporated into these regulations by reference. A copy of this advisory circular may be obtained from the Department of Aeronautics, PO Box 82088, Lincoln, Nebraska 68501. It is the duty of persons, firms, and corporations owning, maintaining, or using such structures to provide and maintain such marking and lighting.
